

# Hear from the Students!

Josh

Artios has helped me better understand how to lead and be an example to my family, my friends, and my neighbors. Most importantly I believe that Artios has strengthened my FAITH!

Jeanna

Artios has had a great impact on my life thus far. For me personally, Nick has shown me a leadership I can submit to but not be oppressed by. I have been able to recognize the hand of God throughout my life, helping me to reconcile with the events in my past. Artios has provided me with applicable knowledge of the Bible. It has given me a reference point in addressing questions in small group. It has taught me how to correctly interpret Scripture, lead with integrity and equipped me to address concerns with the Bible and/or opposition against it. The accountability has challenged me to grow in my faith, knowledge and walk. The trust established provides a safe environment for asking questions. My leadership skills have been refined and improved. The biggest take away I will get from Artios is true brothers and sisters in Christ that support and encourage me as I strive toward being more Christ like and my seaport!

Kyle

Artios has spiritually equipped me, encouraged me, and has pointed me in the direction of the area of ministry in which I have been gifted

Andrea

Artios had been an amazing blessing in my life. In such a transient community, it has allowed for deep, committed relationships to be built. We instantly developed a group of friends to live life with for 2 years. We pray together, encourage, and challenge one another in our faith. Artios is exactly what I needed to grow in my relationship with God and knowledge of Him. I am held accountable to put in the effort of studying and self-reflecting, which brings me closer to God. It has also helped me discover who I am, how God created me, and how can I best be used to serve Him with the rest of my life. All of the work I have dedicated to Artios is worth it and I treasure the friendships I have made. The biggest benefit I will take away from Artios is how God has used it to deepen my relationship with Him.

Heather

Artios has, and continues to be, an extremely valuable endeavor for me! I have reaped its benefits on a number of different levels as a result of the curriculum, the commitment, and the insight and leadership that Nick brings to the program. I have grown spiritually in my knowledge of the Bible as a whole, finally piecing together the Old Testament and New Testament, while also growing in my understanding of God and what he truly wants from me as a uniquely created person. The accountability of meeting twice a week, the challenge of reading the Bible cover to cover, and the positive and caring relationships I have formed have all directed me to seek after God more than ever and strive to honor him with all that he has given me.
